

586-B

ADEK 586-B 4U Chassis

Features

The 586-B case is designed for industrial environments. The hard drive is shock-mounted and the add-on boards are securely held in place by bracket/clamps. Internal components are protected against dust by a removable/washable air filter. The ADEK 586-B 4U rack mount computer case offers three 5.35" and one 3.5" external bay as well as two front mounted USB ports... all behind a locking door. Choose a backplate to accommodate either an ATX motherboard, a 14-slot backplane or a 10-slot backplane with area for extra cooling fan.

Features and Specifications:

- 19" industrial rack mount 4U shallow-depth case
- All steel and aluminum construction
- Less than 18 inches deep
- Three Different Versions: 14-slot backplane (PICMG), 10-Slot backplane with extra cooling (PICMG) and ATX (for industrial ATX motherboards)
