

608-10-B

ADEK 608-10-B Chassis

Features

Internally, the ADEK 608-10-B provides plenty of room for add-on boards (incorporating hold-down boards to protect against shock and vibration). Single or redundant power supplies are easily accommodated. Up to 10-slot backplanes offer extremely flexible slot configurations. Choose an ADEK backplane with your choice of PCI and ISA slots.

Features and Specifications:

- Supports a wide variety of 10-Slot PICMG backplanes
- Can be used as a mini-tower in the vertical position or in the horizontal position
- Ideal for panel mount applications
- Accepts full-size add-on cards
- External: 2 x 3.5" & 1 x 5.25", Internal: 3.5"
- Large 120 mm fan with washable filter for exceptional cooling even in dusty industrial environments
- Accepts standard PS2 size power supply for cost-effectiveness and flexible power requirements
- Hold-down brackets keeps internal boards secure
- Two front-mounted USB ports (expandable in rear)
- Front Panel: Power switch, reset switch, LEDs for Power On/Off and HDD activity
- Mounting brackets are included for panel mounting applications
- Weight: 7 kg (15.43 lbs)

Technical Specifications

Width (mm)	330.00
