

ATX-DESKTOP-HX-P4-BLK

ATX Desktop Case

Features

Featuring steel construction and accepting full size ATX motherboards, our desktop case is perfect for those looking for modern design and reliability out of the older desktop-style case.

Overview - ATX Desktop Case

Our ATX desktop case has been thoughtfully designed using high quality construction, resulting in a superior full size ATX chassis. Featuring steel construction and accepting full size ATX motherboards, our desktop case is perfect for those looking for modern design and reliability out of the older desktop-style case. The rear of the desktop case offers room for dual 60mm exhaust fans, and the front of the case offers a spot for a single 80mm intake fan for superior cooling. This ATX desktop case accepts standard PS/2 power supplies.

- Accepts full size ATX motherboards
- Steel construction for superior reliability
- Three 5.25" & two 3.5" external drive bays
- Three 3.5" HDD internal bays
- Dimensions: 16.5" W x 16.625" D x 6" H
